The Thanksgiving Ingredient Treasure Hunt

Grown-up setup: Set out or hide the 12 ingredients in spots a kid can reach without climbing, then hand over the checklist and the riddle cards.

Optional Game: Close Your Eyes and Guess

Close your eyes. A grown-up hands you an ingredient from the checklist. Smell it. Touch it. What is it?

Safety: a grown-up picks the items. No tasting unless a grown-up says so, and never raw flour or raw egg.
